STAFF BIO

Hello! I am the STARS Math teacher. I teach Integrated Math 1, 2 and 3 as well as two study skills classes. We use DeltaMath, guided notes, Math Medic and other ancillary math programs to provide a well-rounded experience with math. Students are expected to participate through note taking, assessments and when they feel like they are able, with classroom math discussions.

I am in my 20th year and I love working to support all students with their math journey, providing a supportive environment that will help them develop a confidence in math. I have a Master's in Special Education as well as having credentials in Elementary Education, Single Subject Math and Education Specialist.

I spend free time with family, friends and my pups and enjoy being outside. I love working with all students to help them achieve all of their goals.
